

## Dream Greener™

At The Madison Concourse Hotel and Governor's Club, we constantly evaluate hotel operations and study best practices to continue to lessen our carbon footprint. Our Dream Greener™ program is led by a team of eco-passionate employees from various areas of the hotel, ensuring strides in sustainability from our kitchen to our banquet facilities to our executive offices.

### Ozone Laundry System

In 2011 we installed a new Ozone laundry system and new high efficiency hot water heaters. These new systems save over 400,000 gallons of water per year and reduce our carbon footprint by over 200,000 pounds of CO2 per year. It will also significantly reduce chemical usage in laundry.

### Guest Room Linen and Towel Conservation

A card is placed on each bed informing the guest we will make their bed daily but linens will be changed only when the card is placed on top of the bed each morning. Guests are instructed to leave towels they wish to reuse hung up or on the rack in the bathroom. Only towels left on the floor will be replaced.

### Fleet Management

The addition of a minivan and bus to our shuttle fleet helps us use the most efficient vehicle for the passenger load.

### Energy Conservation

Carbon dioxide and motion climate controls are being installed in guest rooms in 2013, there is energy efficient fluorescent lighting throughout the hotel and programmable thermostats in public areas. Guest rooms and banquets use reusable glass cups, and complimentary newspapers are provided only upon request and are delivered in reusable bags.

### Recycling

Glass, bottle and can recycling containers are located in each guest room, vending area, office area, parking level and in the lobby.

### Responsible Dining

We support local, sustainable farming by using local meats, cheeses and vegetables and are active members of REAP Food Group, committed to shortening the distance from farm to table.

THE

HELP US CONSERVE

Together we can save millions of gallons of water, preserve energy resources and reduce pollutants.

Leave towels you wish to reuse hanging up or on the rack. Only towels left on the floor will be replaced.
