

Share documents in the Connected Community

If you have a white paper or other document you would like to share with other WSAE members, you can post it in the Resources section of the WSAE Connected Community. Here are the steps:

1. Log into the WSAE Connected Community.
2. Choose Resources from the top menu bar.
3. Click on Add Document.
4. Give your document – or group of documents – a title.
5. Write a short description.
6. Select a library. Remember, the Association Open Library is available to all members.
7. Click on Save (gray box on the left).
8. Browse to the document file on your computer. Double click on the file name.
9. Give your file a descriptive title, if necessary.
10. Click Upload.

You can edit your posting by clicking on the title (in red). Then click on the edit tool on the right side of the red bar.
